

## Report Style Notes

A successful assignment should lead to a report structured in the following way:

- Format: (LNCS) Lecture Notes in Computer Science - templates on Canvas
- Expected page count: 4-5 pages. Maximum page count: 8
- Minimum line spacing: 1.5. Minimum font size: 10. Margin size: default (wide)
- Single column. Document format: PDF
- File naming convention: report [use\_case\_number]\_g\_[group\_number].pdf
- First page should specify the report title, group number and individual authors.
- The report deadlines are specified in the specific assignment posts on Canvas

Please do not upload the latex source files or any additional files to the report file.

Templates are available on Canvas. you can find the template files for Latex, MS Word and MS Word 2003. You can use these templates for writing your reports. In case you are having difficulty with the template files, a precompiled version is available on Overleaf. To start writing follow this link: <https://goo.gl/PWGUPr>
